

# Scenic Middle School

## Student Technology Use Guidelines

I will appropriately use school computers, school Internet including Wi-Fi, and all technology devices at school.

I will use the Internet to access **school appropriate content** and learning activities.

**When using school technology, I will be a good digital citizen by following the below criteria:**

- Use good manners.
- Use appropriate language.
- Never tell anyone my home address or phone number.
- Never post my picture or name on the Internet without permission of my parent(s) and teacher.
- Not look at or use anyone else's work without permission.

I will use Wi-Fi on my personal devices only during lunch or passing periods unless directed by a teacher to do so **in class**.

I will only access **school appropriate material** when using my personal device even when using my own 3G or 4G network.

I will **not share** personal information about myself or anyone else on the internet. This includes name, address, phone number, photograph, etc. I will keep my **passwords private**.

I understand that all my use of the school's network is not private. My activity on school internet and Wi-Fi is **filtered for content and monitored**.

I understand that from time to time the computer or Internet connection may not be working when I plan to use it.

I will **show respect** for all hardware and software that I use. I understand that if I damage or destroy school property as a result of improper use or carelessness that my parents may be subject to charges.

I will not complete business transactions using school devices or Internet.

I will **not install** "pirated software" or knowingly use disks with viruses on any equipment.

I will not send anything over the Internet that belongs to someone else without their permission.

If I do not know how to use any or part of the computer system, I will ask for help.

*Please sign and return the Technology Use Agreement at registration. Thank you.*

**Student**

I understand these rules and promise to follow them. I understand that violation of these provisions will result in discipline up to and including expulsion from school and/or suspension or revocation of system access and related privileges and/or referral to law enforcement officials.

**Sponsoring Parent**

I have discussed these rules with my child and my child agrees to follow them. I will monitor my student's use of the school district system and in consideration for the privilege of using the district's Electronic Communications System and in consideration for having access to the public networks I hereby release the district, its operators and any institutions with which they are affiliated from any and all claims and damages of any nature arising from my, or my student's use, or inability to use, the system including, without limitation, the type of damages identified in the district's policy and administrative regulation.
